seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were pair fully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the 'tver,' or it shows its presence by cruptions on skim, or foul ulcerations on some part of the dry. Hence the occasional use of a bottle of sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afficied with the following complaints generally find immediate relief, and, at length, cure, by the use of this SARSAPARILLA: St. Anithosy's Fire, Rose or Ergsipelas, Tetter, Salt Bheum, Scald Head, Ringuorm, Sore Eyes, Sore Ears, and other cruptions or visible forms of Sorofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the musualar and nervous systems.

Syphilis or Venercal and Mercurial Dissaces are cured by it, though a long time is required for subduing these obstinate maladles by any medicine. But long-continued use of this medicine will cure the compleint. Leucorrhea or Whites, Hersine Ulcerations, and Female Obseases, are cured by its purifying and invigorating effect. Minute directions for each case are found in our Almanac, supplied graits. Rheumatism and Gout, when caused by accumulations of extraorous matters in the blood, This SA
